FAST PROGRESS BEING MADE

On I. & C. Extension to
Greensburg—Five Miles
of Grade Completed.

Sixty-five Teams and a Hundred
Men are Doing Very Fast
Grading Work.

The work on the I. & C. Traction company extension from Shelbyville to Greensburg is being done very rapidly. The reports are surprising which are received as to the rapidity of the progress of the work. The council of Shelbyville has not yet decided which street it will allow the company to use as right-of-way within the city limits.

The Shelbyville Jeffersonian has the following to say in regard to the progress of the work:

Surprising and yet satisfactory is the news which comes from the traction headquarters at the Prescott camp. Work began on the proposed extension to Greensburg two weeks ago. Since that time more than five miles of track have been graded. The graders are working so fast that the profile men cannot keep up with them. Sixty-five teams are at work and the amount already completed is astonishing. The work began at Prescott and men were started both ways. Thursday, grading had been completed to the Morrison farm, near Shelbyville, by the men who are working on the west end of the line, and those at work on the east line had reached Conn's creek, near Waldron.

The camp at Prescott will be moved about two miles from this city Saturday, and the work rapidly pushed toward this city. It will be definitely decided by Saturday over which route the line will enter this city.

Men were at work Thursday on the portion already graded, preparing it for ties. It is surmised the company will lay tracks connecting with the interurban line in this city and place their steam engine and gravel cars on the road at once. By thus doing expense can be saved and work will progress much more rapidly. If work continues as rapidly as it has begun, cars will undoubtedly be running into Greensburg by the last of this year.

BUT LITTLE NEWS OF OIL AFFAIRS

And What is Heard is Conflict—A Meeting Last Saturday.

Connersville News: A gentleman who was at Laurel reports that a meeting of oil stockholders was held there Saturday, and that it was decided that arrangements be made at once to shoot and pump the well at Buena Vista. This man also said that a good deal of stock had been sold to parties at Metamora and Brookville. From another source it is said that the company is hesitating about incurring the expense of shooting and putting in a pump until assured that the oil is there in paying quantities. He also says that very little, if any stock has been sold at par.

A man who has had long years experience in the oil business says that it is a very simple matter to test the capacity of the well before the shooting. He says that they need only to continue bailing until the fluid in the well is exhausted; or if not possible to exhaust it, to continue bailing, the contents to be emptied into a tank.

The oil and water will easily separate and the percentage of oil in flow can be very easily determined.

DEMAND SETTLEMENT

The Depositors of the Defunct
Terre Haute Bank are Seeking
Protection.

Terre Haute, Ind., Aug. 11.—Business men of the city will organize in an effort to compel the repayment of deposits in the suspended Vigo National bank on the date of the first settlement, which was to have been 40 cents on the dollar. They believe that the assets of the bank are sufficient to pay all claims in full, compelling the directors to pay their share according to law.

The threat to bring criminal proceedings against the bank unless depositors are paid in full, is openly expressed. The proposed action is based on the fact that the bank officials induced people to make deposits on the eve of the bank's failure. A meeting of business men is to be held within a few days, when definite action will be agreed upon.

INVESTIGATION TO BEGIN MONDAY

Prosecutor Adjourns Court of
Inquiry, but the Work Will
be Resumed.

Deputy Prosecutor John J. Kiplinger adjourned the court of inquiry this morning, which has been holding meetings for the last few days in Squire Jackson's court to investigate the alleged unlawful state of affairs in this city, until next Monday. At that time the work will be resumed and many witnesses will again be called upon to tell what they know in regard to law breaking.

Many different opinions are heard daily upon the streets in regard to the results of the investigation. Some people believe that no indictments will follow, but others think that wholesale arrests will be made in a short time. The real results cannot be ascertained, however, until some definite action is taken.

BAND CONCERT SUCCESSFUL

Rushville Concert Band Pleases
a Large Audience on Thursday
Night.

The Rushville concert band pleased a large and enthusiastic audience Thursday night, when they gave the first free concert of the season on the North balcony of the Rush county court house. It was about the first time that the band played in open air, and the people on the streets below the balcony poured forth all kinds of praises and compliments upon the men who were doing such excellent work above.

The music played last night was of the best quality, and it was played in such a manner as to bring out the proper shades of rhythm and sound. The stone archway which is back of the balcony, acted as an excellent sounding board and the melodies could be plainly heard for squares and squares. Each number of the program was better than that which preceded, and the applause became louder and more enthusiastic as the concert proceeded. The melodies of national airs and of some of the late popular music were well received, and the audience was held until the end of the program.

H. H. Allen, director of the organization, was complimented many times upon his ability as a band master. Mr. Allen has had much to discourage him in his work, but he has fought with these difficulties and conquered them in such a manner as to deserve every good thing which was said about him Thursday night. The citizens of this city are anxiously awaiting the next concert, and every one expressed their desire to hear the band again.

DEATH RATE NOT SO HIGH

New Orleans Takes a Hopeful
View of Sorrowful
Situation.

It is Felt That With New Light on
the Disease it Will Soon
be Controlled.

New Orleans, Aug. 11.—New cases yesterday, 60; total to date, 739; deaths yesterday, 7; total to date, 126.

New Orleans, Aug. 11.—In order that no unnecessary risks might be taken, it is announced both by Surgeon White and by Father Scotti, in charge of the arrangements, that the funeral of the late Archbishop Chapelle on Saturday at 9 o'clock in the morning, will be private. Dr. White said it was a fact accepted by the scientists that yellow fever could not be transmitted by a corpse, but it is considered that there would be some element of danger in attracting to the cathedral an immense assemblage of people from all sections of the city. The cathedral is located within the originally infected district within a stone's throw of the French market, and there has been fever on all sides of it. Not all the stegomyias below Canal street have by any means been destroyed, and the mingling of people from infected districts with those from non-infected quarters might result in a still wider diffusion of the present sickness.

With the death rate remaining lower than in previous visitations of the fever, the feeling here both among the health authorities and the laity causes hopefulness. The fever has been prevalent long enough to have assumed a quite virulent type, but instead it is apparently less malignant than it was when it first appeared, and the doctors believe that if the first cases could have been taken hold of at once and subjected to proper treatment the total of deaths would have been considerably smaller than has been now recorded. Many of the cases which are now being reported, except among the Italians, are mild in character and readily respond to the treatment given them. However, though the conditions present a favorable aspect, the physicians realize that two months or more remain during which the disease may have to be combated, and they are unwilling to express opinions at this time as to the scope it may take later on. If there is no rapid enlargement of the death rate within the next two weeks they will be encouraged to believe that with all the conditions favorable, when the fever was discovered, for a rapid spread and a most serious epidemic, New Orleans will escape with a relatively insignificant loss of life. That will be due in large part to the remarkable work which has been done in a few weeks in the matter of mosquito destruction and to the fact that physicians and the public have been warned of the danger.

OLD SOLDIER PASSES AWAY

Timothy O'Keef, of Glenwood,
Died This Morning
at 1:30.

Timothy O'Keef, an old soldier residing near Glenwood, died at 1:30 o'clock this morning. Mr. O'Keef was 78 years old, and he had not been in good health for more than a year. He fell last December, injuring himself severely, and since that time he has had slight, but frequent strokes of paralysis. It is thought that the injuries received from the fall caused this disease to start.

A time has not been yet set for the funeral services and other arrangements will be announced later.

Mr. O'Keef will be buried at Glenwood.

—Mrs. George H. Caldwell, son Richard and mother, Mrs. Richardson, spent the day in Indianapolis.

RULES OF THE ROAD

Study Them; They are Easy of
Execution and May Save
Serious Trouble.

It is only human that some prejudice should exist, though unjustly, against the recent popular means of locomotion, the automobile. They have the same right to the road as the old method, with horses or mules, but the Legislature was prompt in passing a law to prevent drivers of automobiles from infringing on the rights of others, just as it has passed laws governing the driving of teams, in the past.

Hold up your hand when meeting an automobile, if you are riding, driving or leading a horse or any other draft animal, then the operator of the motor cycle must turn to the right hand side of the road and stop his machine for a reasonable time, for you to pass. Notice that jumping up and down, swearing and throwing stones is not the proper signal—just hold up one hand. When a motor vehicle overtakes you the operator must check his speed until the horse or horses you are driving can be placed under control and passage can be accomplished without danger. The penalty for failing to comply with the law is any amount not exceeding fifty dollars. See Acts 1905, Sec. 5, Page 203.

SCHOOLS OPEN ON SEPT. 11TH

Teachers Have Been Hired—
School Board Has Elected
Officers.

The city schools will open on Monday, September 11th. All the teachers have been selected, although there were many changes made this year. There are three changes among the five teachers of the high school and all of these come highly recommended.

The school board has elected the same officers as they had last year. Gates Sexton is president, with a \$2000 bond; Allen R. Holden is secretary, with a \$550 bond, and W. M. McBride is treasurer of the board, with a \$10,000 bond.

The school building has been repaired, many of the rooms having been newly papered and the janitor is preparing the building for the opening of school.

TAKE WARNING FROM OUR CITY

Railroads Reduce Rate of Speed
Within the City Limits, After
Notice from City.

It is an evident fact that the railroad officials have been notified to make slower time with their trains within the city limits. Citizens are seeing this, and it is a theme for general comment.

The speed ordinance allows trains to run at the rate of fifteen miles an hour within the corporation lines, and this is a safe rate of speed. But the trains are said to have run through the city at a rate of not less than forty miles an hour. The people are glad to see the city officials take a stand of this kind with the railroad companies, and the public appreciate the city council's action in the matter.

The first locomotive entered the wilds of Brown county this week, pulling a construction train for the line being built between Bloomington to Indianapolis, known as the Indianapolis Southern.

—Brookville American: Ben F. McFarlan, one of Rushville's prominent citizens and a former sheriff of Rush county, was here on business Thursday and a welcome caller at our office.

IS NOW IN THE CZAR'S HANDS

Japan Formally Conveys to
Russia Her Plan of
Settlement.

Mr. Witte at Once Cabled the
Proposition to His Imperial
Master—Reply Awaited.

Portsmouth, N. H., Aug. 11.—Reimbursement for the expenses sustained in the prosecution of the war and the cession of the Island of Sakhalin constitute the main features of the peace conditions handed by Baron Komura to Mr. Witte. The word "indemnity" was carefully avoided, the term employed being "reimbursement" for the cost of the war. No sum is fixed, the amount being distinctly adjourned for mutual adjustment between the two countries after the Japanese expenditure has been ascertained.

These are the two all-important conditions and those which the Russian plenipotentiaries find absolutely unacceptable. Inacceptable as they are, however, it can be stated that these two principal conditions did not come as a surprise to the Russian envoys. The friendly fashion in which Baron Komura explained the conditions before handing them to Mr. Witte and the avoidance of the use of the word "indemnity" in the presentation of Japan's bill for the cost of the war without fixing a sum, leaves the way open for negotiations and constitutes the main hope that a final agreement is possible. Certainly the danger of a sudden rupture, no matter what the ultimate result may be, is precluded by these developments. The other terms are substantially what the world expected and with one or perhaps two exceptions could probably be entertained as a basis of negotiations. They include the following:

The cession of the Russian leases to the Liaotung peninsula, comprising Port Arthur and Daini; the evacuation of the entire province of Manchuria; the retrocession to China of any privileges Russia may have in the province and the recognition by Russia of the principle of the "open door"; the cession to Japan of the Chinese Eastern railroad below Harbin, the main line through northern Manchuria to Vladivostok to remain Russian property; the recognition of the Japanese protectorate over Korea; the grant of fishing rights to Japan in the waters of the Siberian littoral northward from Vladivostok to the Bering sea; the relinquishment to Japan of the Russian warships interned in neutral ports; finally a limitation upon the naval strength of Russia in far Eastern waters.

As a whole the terms are regarded as exceedingly hard by the Russians. In addition to the two principal conditions which cannot be accepted under Mr. Witte's instructions, those relating to the limiting of Russia's naval power in the far East and the granting of fishing rights upon the Russian littoral are considered particularly offensive to the amour propre of their country and of such a humiliating character as to be inadmissible.

The Japanese on the contrary, as Baron Komura announced at the conference, consider them moderate, contending that they only represent a fair compensation for the expenses of the war and the victories they have achieved on land and sea, their sole purpose being to attain the objects for which they have fought, the spoils claimed being only such as they are legitimately entitled to as the result of their military and naval successes. The Russian plenipotentiaries, as soon as the Japanese terms were in their hands, called in the five expert delegates attached to the mission and spent several hours in the consideration of the terms. Meantime the conditions had been placed in cipher and cabled to the czar with Mr. Witte's personal recommendations.

It is hoped that a reply will be received from the emperor today, in which case Mr. Witte expects to have the Russian response ready by Saturday, but it is not unlikely that, Saturday being the first anniversary of the birth of the czarvitch, the presentation of the reply will be deferred until Monday. Meantime the plenipotentiaries will not meet unless some unexpected necessity for a conference should arise.

The social reformer generally wears magnifying glasses in his search for vice.

A FATAL ASSAULT

Toughs Attack a Lawrence County
Farmer Without
Provocation.

Bedford, Ind., Aug. 11.—Frank Ames, a prominent farmer west of this city, who was assaulted by toughs last Saturday evening, is dying from the effects of his injuries.

In an antemortem statement Mr. Ames says that three brothers—Charles, Ike and Andy Johnson—assaulted him without provocation, that they knocked him down on meeting him in the road and gave him a terrible beating over the head with rocks and boulders, after which, he says, they jumped upon him with their feet, breaking three of his ribs and lacerating the flesh of his body in a terrible manner, leaving him helpless by the roadside. Charles and Ike Johnson have been arrested, but Andy is still at large.

MILLER BAKERY IS SOLD TODAY

Harry B. Miller Will Go in Re-
tail Tobacco Business in
Greenville, Ohio.

Harry B. Miller sold his bakery, today, to H. J. Hass, of Greenville, Ohio. Mr. Hass will take possession next Monday morning, and at that time Mr. Miller will take possession of a retail tobacco establishment in Greenville, Ohio.

Mr. Miller, in speaking of his departure from this city, said that he liked Rushville and its people. He furthermore stated that he had done better in a business way while located here than he had expected, but on account of poor health he was forced to sell his bakery and to go into a business where the work would not be so hard. Mr. Miller has made many friends while in this city, and he says he appreciates the treatment received from the public very much.

FINE IS PAID FOR PROVOKE

William Easley Fined Ten Dol-
lars by Squire Jackson
This Morning.

Howard Stewart, colored, preferred charges against William Easley, colored, in Squire Jackson's court, this morning, for provoke. It seems that Stewart and Easley have had some personal troubles, and that the latter became very angry at Stewart.

Stewart claims that Easley shook his fist at him and threatened to change the map of his face, and on this ground Stewart preferred charges against Easley. The case was tried before Squire Jackson this morning, and the culprit pleaded guilty. He was fined \$10.00 and released on promise to pay fine.

JUMPED IN WATER AFTER THE FISH

Joseph Addison, Shelby county's well known trapper and fisherman, had the tussle of his life Wednesday afternoon while fishing in Blue river, near the Marion bridge. Joseph felt a bite on his hook and immediately he knew there was something doing. In an instant he saw a large fish come to the surface of the water and he jumped over the bank on to the fish, grabbing it by the gill. A tussle of three or four minutes took place, in which Addison was carried under water three times. He finally gained control of the fish and carried it on the bank of the river. It was a carp. It weighed twenty-one pounds.

ARE AT WORK ON GROUNDS

Big Preparations Being Made
for the Opening of the
Chautauqua.

Big Meeting Opens Tomorrow
Evening—First Number is
Entirely Free.

The work of preparing the city park and erecting the tents for the Chautauqua meeting which opens tomorrow evening, was begun to day.

A force of men was put to work, cutting weeds, erecting the wire fence and putting up the electric lights. The large tent, 50 by 60 feet is being erected and the seats placed in position. The tent will contain several tiers of seats around the side wall and the center will be occupied by a large number of chairs. There will be no reserved seats. Whoever comes first will be first served. The tent will be capable of seating 3000 people.

Another large tent, 40 by 60 feet will be erected. In this tent, Mrs. Cornelia Lyons will serve lunch and dinner throughout the entire week. C. B. Lore will have a refreshment stand and there will be other lunch and refreshment stands, were sandwiches, ice cream and soft drinks will be sold. No intoxicating liquor will be allowed on the grounds at any time.

Good order is assured as special police will be always on hand. A telephone will be found on the grounds. Five cents will be charged each time it is used. The lot is surrounded by a high wire fence, topped with barb wire. It will be brilliantly illuminated by forty incandescent lights furnished by the city.

The city park is located at the intersection of Ninth and Jackson streets. It is distant eleven blocks from the court house. Several people have announced that they will camp on the grounds during the meeting and there will be a number of smaller tents for this purpose.

The Chautauqua meeting will open tomorrow evening at 7:30 p. m. sharp. The first number, including the entire evening's entertainment will be entirely free to every one. The entire program is worth at least 75 cents, but the entertainment will be free in order that the people may better know what is to follow. Word was received here today that the Bowden company will be here on time. The program for the opening entertainment is as follows:

7:30—Musical Prelude by Chicago Lyceum Lady Quartette.
8:00—Opening of the First Annual Session by Platform Superintendent.
8:15—Pictorial "Hiawatha," by Katherine Ertz-Bowden.

HEADED FOR THE RUSH CO. FAIR

Shows Now at New Castle, Mun-
cie and Greensburg Will
Come Here.

Thomas Humes and Homer Powell, who have been traveling in the interests of the Rush county fair in this part of the State, say that the fairs in other cities are of a good character, and that an unusual number of shows are on each of the grounds. These men have held conversations with many of these showmen, and most of them say that they are coming to the Rush county fair. Thomas Humes had good success in his work at Lawrenceburg. He billed several good speed horses, two show herds of cattle, and sold several stand privileges. Mr. Powell had almost as successful a business trip in New Castle.

RUSHVILLE, IND., AUG. 11, 1905.

In this morning's Indianapolis Star, its Washington correspondent, Louis Ludlow, is again threshing over the question what Mr. Gowdy will do when he returns home. All these various rumors which are set afloat by these writers of metropolitan papers—merely to fill space when there is "nothing else doing"—is idle speculation. Among other things the correspondent of the Star says:

"The politicians are wondering how Capt. Gowdy and Congressman Watson will get along together. At present Mr. Watson is the king bee of Rush county and Sixth District Republican politics. Will he have to abdicate and play second fiddle when Capt. Gowdy comes marching home?"

Mr. Gowdy and Mr. Watson have always been the best of friends, and Mr. Gowdy gave Mr. Watson a great deal of assistance during his earlier career. Mr. Watson has the highest regard for Mr. Gowdy both as a citizen and as a leading Republican, and entertains the kindest feelings toward him. There will be no friction between these two men nor any clashing of interests. Mr. Gowdy is a sensible man and too good a Republican to cause friction of any kind in his party, especially when there are no possible common interests at stake.

A New York special has been circulating the rumor that "J. K. Gowdy, who endeared himself to the Hoosier Republican heart as 'Oom Jack,' as State chairman with a backbone in the troublous times of 1896, is hastening back from Paris, where he was Consul General for eight years, to get an ax out for Fairbanks. This is because Mr. Fairbanks refused to assist him to keep his job as Consul General."

The Shelbyville Republican, in commenting on this item, says:

"The editor of this paper feels at liberty to brand the above statement as false, and without any foundation whatever. Capt. Jack Gowdy is from this Congressional district, and we have known him intimately for many years, and have helped him to 'shake the bushes' in entirely too many Indiana campaigns to believe for a minute that he would engage in fighting any Indiana Republican, at any time or for anything. Uncle Jack is not made up of that kind of stuff. He is a true-blue Republican, and always intensely loyal to every Indiana Republican wherever he is and for whatever he wants. He is a hard fighter, and is capable of delivering some powerful blows, but they are always directed toward the common enemy—the Democratic party. He wields an ax with the greatest skill and dexterity, but if you will take notice to his past history, his ax has always been directed toward the socialist communists and populist Democratic party. In conclusion, permit us to say, that Capt. Gowdy has been well taken care of by the Republican party. He has had one of the most honorable and best paying offices within the gift of the government for the past eight years, and that ought, and no doubt does, satisfy him and his friends. Capt. Gowdy is no hog, neither will he be a mug-wump."

The New Castle Courier, in commenting on the same news item says: "Mr. Gowdy will probably find that during his eight years' absence his political axe has become very dull."

Editor Elliott, of the Courier, speaks from personal experience, having been out of the country himself several years, holding a government position in Porto Rico.

INTERNAL DISSENSION

Is Said to Be Cause of Big Casino's Closing.

Indianapolis, Aug. 11.—It appears that internal dissension and not Governor Hanly's campaign against gamblers closed the casino at French Lick, the suspension of which caused great surprise last week. It seems that it was a case of "freeze out," the management desiring to get rid of a \$20,000 lessee in order to turn the place over to one who had offered \$52,000 a year rent.

Light has been thrown on the matter by Nat J. Kauffman, who was formerly employed at the casino. He said that Al Brown, the lessee, had been ousted to make room for Ed Ballard of West Baden, and that the closing of the casino had been part of the game to make Brown give up. According to Kauffman, Brown barricaded the casino for three days and three nights, and it was only after the lights and the race tips had been cut off that he opened up. Then the matter was compromised by the management paying Brown \$35,000, much of which was for his furnishings.

Inasmuch as it is true that Governor Hanly had two representatives at French Lick investigating the gambling situation and obtaining evidence on which to base prosecutions, it would seem that the internal dissension aided the governor in closing the resort.

Another Dry Town.

Wabash, Ind., Aug. 11.—The Wabash county commissioners have refused to grant the liquor license application of George Jones of Lafontaine, the voters of Liberty township, in which Lafontaine is situated, having some time ago filed a blanket remonstrance under the new law. This cuts Lafontaine out of its last saloon and the township is sure to be "dry" for at least two years.

Caught on Line Shaft.

Indianapolis, Aug. 11.—Lee Houston, an employee of the Beveridge Paper company, met a terrible death. He had been repairing a belt when his clothing was caught by a line shaft. He was whirled around many times and when taken from the shaft was found to be mangled almost beyond recognition. His skull was cleft in twain and every bone in his body was broken.

Drowning at Seymour.

Seymour, Ind., Aug. 11.—William Burk, aged twenty-five and unmarried, was drowned in the river here. Burk was a B. & O. S. W. switchman.

RHINOCK DETERMINED

Kentucky Congressman Renews His Charge of Libel.

New York, Aug. 11.—Robert A. Irving, publisher of the New Yorker, has been arrested charged with criminal libel. He was about to start for Newport. Irving was taken at once to the criminal court house, arraigned before Magistrate Breen and in default of \$1,000 bail, was locked up in the

NICHOLAS LONGWORTH.

Tombs. The complainant is Congressman Rhinock of Covington, Ky., who some weeks ago caused the arrest of Robert W. Criswell, editor of the New Yorker, on a similar charge. Criswell subsequently met with a tragic death beneath a subway train.

The charge against Irving grows out of the same article upon which the prosecution of Criswell was based. The article censured Representative Longworth of Ohio for introducing Mr. Rhinock to Miss Alice Roosevelt during the visit of the president's daughter to the Latonia races near Cincinnati.

Deed of an Insane Woman.

New Albany, Ind., Aug. 11.—Mrs. Chester Winstanley, while temporarily insane, drowned her eight-year-old daughter Ruth by forcing her into and holding her head under the water in a bathtub. Seizing a pistol, she shot and dangerously wounded her husband and then swallowed a quantity of carbolic acid, dying an hour later. Mr. Winstanley may recover.

Washington's Epidemic.

Washington, Aug. 11.—There were twenty-five new cases of typhoid fever reported to the health office yesterday, the greatest number for any one day during the present outbreak of typhoid in this city.

Couldn't Endure Disappointment. Washington, Aug. 11.—Despondent because a hail storm damaged his crops to the amount of \$3,000, Edward Smith, a farmer, committed suicide by jumping into a well.

SERIES OF OVATIONS

The President Warmly Received at Wilkesbarre.

Wilkesbarre, Pa., Aug. 11.—The president of the United States, who came here yesterday and made an address to the delegates attending the annual convention of the Catholic Total Abstinence Union of America and the members of the United Mine Workers of America, was given a most enthusiastic reception. In fact, the entire trip through New Jersey and Pennsylvania to this city was a series of ovations. Every station along the line of the Lehigh Valley railroad from Jersey City was decorated with flags and bunting and the crowds at the stations cheered the president heartily. But his greatest ovation was in the Wyoming valley, where he spent four very busy hours. The entire valley from Shickshinny to Pittston took a holiday to do honor to the president. Mr. Roosevelt was in great good humor and enjoyed the day as much as the most enthusiastic total abstainer or mine worker.

Wilkesbarre was dressed for the occasion. There was scarcely a building in the business part of the city or a house along the route over which the president drove that did not display the national colors. The greatest crowd that the municipality ever had within its confines was in the city, and it is estimated the visitors numbered upward of 200,000.

The president arrived at 3 o'clock and was driven directly to the speaker's stand on the river common. Besides the president those who spoke were Cardinal Gibbons, Mayor Kirkenfall of this city, John Mitchell, president of the miners' union, and the Rev. J. J. Curran of this city, a district president of the Catholic Total Abstinence Union. Cardinal Gibbons and Mr. Mitchell as well as Mayor Weaver of Philadelphia, who was on the speaker's platform but did not speak, were given an enthusiastic greeting. After the exercises on the river common had ended the president was driven about the city, then to the Wyoming monument and from there to Pittston, about eleven miles north of here, where he boarded his special train and left for Chautauqua at 7:20 last evening.

Short Measures Confiscated.

Kansas City, Mo., Aug. 11.—The city inspector of weights and measures tested a number of gallon measures used by the drivers of the Standard Oil company in delivering oil and declared after the examination that each of fifteen out of twenty-one measures tested lacked a half pint of holding five gallons. The inspector took possession of the alleged short measures, and they will be used as evidence against the oil company.

Compelled to Eat Roots.

Seville, Spain, Aug. 11.—The condition of the farming community in this province is becoming desperate. Thousands of laborers, being without bread or other food, have been reduced to eating the roots of wild plants. Bread riots are reported to have occurred at many places where bakeries were looted. The local authorities are unable to cope with the distress and are pressing appealing to the central government for help.

Fierce Kentucky Street Duel.

Harrodsburg, Ky., Aug. 11.—Sam Black, a member of the legislature, Policeman William Britton and Walter Stoltz, a saloon keeper, engaged in a pistol fight on Main street. Black was shot through the head and killed instantly. Britton received a bullet through the jaw and Stoltz was wounded in the abdomen. Both are in a dying condition. An old grudge is said to have been the cause of the trouble.

Mr. Chew's Successor.

Washington, Aug. 11.—The resignation of Noel I. Chew of Indiana, deputy auditor for the postoffice department, has been tendered and accepted, to take effect Sept. 1. Charles A. McGonigal of Muncie, Ind., has been appointed Mr. Chew's successor.

Broke Up the Meeting.

Lodz, Russian Poland, Aug. 11.—A thousand socialists who were holding a meeting in a forest near here were surrounded by soldiers. The majority of the socialists were arrested and many of them were wounded while attempting to escape.

Big Sanitary Project.

Santiago, Chili, Aug. 11.—A project for the drainage of Valparaiso involving the expenditure of \$4,000,000 has been presented before congress.

Nothing but petty skirmishes have occurred recently along the Russo-Japanese front. The weather is fine and the roads are drying out.

The sultan of Morocco is showing more and more a marked opposition to the proposed conference and to any consideration of Moroccan reforms.

Unable to bear the disgrace of a public accusation of theft, Policeman Oscar Benson at Chicago killed one of his accusers, severely wounded another and then committed suicide.

NO GRAFT HERE

Weather Department Administered Honestly, Says Prof. Moore.

Washington, Aug. 11.—Prof. Willis L. Moore, of the United States weather bureau, has issued a signed statement denying allegations of graft in the management of the weather station in the Blue Ridge mountains near Blumont, Va., disclaiming the exist-

ence of any irregularities in the administration of his office and offering full opportunity for the investigation of any specific charges by any responsible person. Prof. Moore says that no secret service men are at work in the bureau and scores "a few incompetent or dishonorable employees" dismissed from the service and endeavoring to secretly reform the institution.

Cuban Politics.

Havana, Aug. 11.—The Liberals are preparing a manifesto detailing acts on the part of the government alleged to be unconstitutional. The Liberal congressmen are directed to lay before the senate charges against President Palma to the effect that he has been guilty of various acts unwarranted by the constitution. The Liberals, however, have not strength enough in the senate to bring President Palma to trial. The Havana mayorality question continues to be muddled.

Unprecedented Scenes.

Portsmouth, Eng., Aug. 11.—Scenes unprecedented in a British naval port were witnessed here. The French sailors for hours fraternized with the British tars, the sailors of the two nations parading the streets arm in arm, singing the "Marseillaise" and the British national anthem.

They Want Mr. Choate.

New York, Aug. 11.—The legislative insurance investigating committee has invited Charles E. Hughes and James McKeen to act as counsel in the forthcoming inquiry. Joseph H. Choate has also been invited to act in an advisory capacity. Mr. McKeen has already accepted.

Widow's Arrest Ordered.

Royster, Ga., Aug. 11.—The coroner's jury in the case of the homicide of County School Commissioner and former State Senator W. H. Cobb, found a verdict of voluntary manslaughter against Mrs. W. H. Cobb, who did the shooting, and ordered her arrest.

May Change the Day.

St. Petersburg, Aug. 11.—The proclamation calling together the national assembly is meeting with unexpected and undesired delay. It is possible now that the project will not be ready for issuance on Saturday.

The report that Frank Johnson, formerly of this community, jumped off of the bridge at Frankfort into the Wabash river and was drowned, is false. Such reports are started like all others, by someone surmising or making some remark and by the time it gets to the third person it is all off. That man has committed suicide or somebody has run off with the man—sooner think that way than the other, any how. These false reports are all the same. Just like the man who went squirrel hunting and he imagined he saw a squirrel in the top of a hickory tree and he shot till he shot all of his bullets away; then the louse that was on his eyebrow took wings and flew away.
A party of men and women took a pleasure trip down on Salt creek Wednesday to fish.

Obituary.
Harry Garfield Posey was born near Rushville, Rush county, Indiana, December 20th, 1882, and died July 6th, 1905, age 22 years, 6 months, 16 days.
A young life, without the warning that disease gives, unexpectedly ended! Death came to him as suddenly as the flash of the gun by which it was accidentally caused.
That his death is an almost unbearable shock to his surviving parents, sisters and brother is to be expected, not only because of its suddenness, but because of the place he filled in their lives and affections.
Naturally vivacious, he was the life of the home. His pleasures brought light and laughter into the day's work, lightening its burdens and dispelling any gathering gloom.
Having just reached manhood's estate his father had transferred much of the management of the farm with its attendant responsibilities to him. He could trust his son while his duties called him to the city. He felt more and more that as the years passed and his own strength would decline he and his wife could lean on their two sons, Harry and Fred.
But it was not to be. The fatal discharge blasted all the father's hopes that were centered in Harry. Fred is left and his sisters. They have their place to fill but none can fill Harry's place.
Harry was an exceptionally forgiving young man. Malice and resentment found no abiding place in his heart. No matter how deeply offended and angry he might be at the time of provocation, the offense was quickly forgiven. He cherished no enmities, and therefore all who knew him were his friends. He was kind and helpful to a fault. Whilst possibly not entirely innocent of youthful indiscretions, yet his life was clean, open and noble.
It is to be regretted that he never affiliated himself with any church. He thought, with so many others that he had plenty of time. Yet mere church membership is not the test of fitness for eternity. It is character that counts there, though the church is the greatest factor in correct character forming. There is comfort in the thought that God knows them that are His.
Harry will always be missed by those that knew him, especially in his home, but we all hope that as the years pass by and lose themselves in eternity that all will be well at last.

Appeal in Cigarette Case.
Indianapolis, Aug. 11.—The appellant's brief in the case of John M. Lewis of Anderson, who was convicted of owning and smoking cigarettes, was filed in the supreme court, the case having been appealed from Madison county some time ago. In effect the brief alleges that the anti-cigarette law, under which the conviction was secured, is unconstitutional, in that it extends the police powers of the state to such an unwarranted degree that it amounts to an interference in the rights of personal liberty.

Murder and Robbery.
Darlington, Ind., Aug. 11.—With his pockets turned inside out and a roll of bills supposed to have been upon his person missing, the dead body of Panel Beckner, a widower sixty-three years old, who lives six and one-half miles east of here, was found in the woods. John James, a young man twenty-five years old, known in police circles, is in jail here charged with causing his death.

Deadly Quarrel Over Cards.
North Salem, Ind., Aug. 11.—During a fight growing out of a game of cards here between John Noland, a young man of this place, and Charles Stevenson, a middle aged man living five miles northwest of here, Stevenson was probably fatally stabbed and Noland was seriously wounded.

Must Earn Their Pay.
Logansport, Ind., Aug. 11.—The city council has determined to make work for the board of public works, which body has superseded them. The council passed an ordinance providing for a meeting of the board every day in the week.

Curzon's Retirement Rumored.
London, Aug. 11.—The Daily Telegraph, which in the matter may be regarded as semi-official, says that the reports of the forthcoming resignation of Lord Curzon are at the least premature, but it says it "has reason to believe that the contingency is not improbable." The afternoon papers have received a report of strained relations between Lord Curzon and Lord Kitchener which, they say, coupled with Lord Curzon's indisposition and his worry over Indian affairs are likely to result in the viceroy's retirement, even before the Prince of Wales visits India.

The European Flood.
Washington, Aug. 11.—Acting Secretary Murray of the department of commerce and labor has received a report from Collector Stranahan of New York, showing that during the last three fiscal years ended June 30, from the ports of Europe 1,932,934 steerage passengers embarked for New York.

A Felony Is Charged.
Denver, Col., Aug. 11.—Warrants were sworn out late yesterday afternoon against four officials and one clerk of the Western bank, which closed its doors on Tuesday. The men are charged with receiving deposits when they knew the Western bank was insolvent. This is a felony under Colorado law.

Big Towboat Sinks.
Paducah, Ky., Aug. 11.—The Monongahela Coal combine's big towboat Joe B. Williams struck a log six miles below Golconda, Ill. in the Ohio river yesterday and sank. There was no loss of life. The hole in her hull is about forty feet and the damage is estimated at \$10,000.

Father and Two Sons Drowned.
Pittsburg, Kan., Aug. 11.—John Walters and his two sons were drowned in Hickory creek, near McCune, Kan., while trying to ford the creek with a load of hay. Recent heavy rains had caused the stream to rise.

A successful Chautauqua is anticipated in Fayette county.

Mrs. Nancy Norris is ill at her home, northeast of this city.

It is estimated that 800 people heard the band concert last night.

Conditions are excellent for one of the largest corn crops ever gathered.

The band concert last night was a success. We hope there will be another.

The county fairs in this part of the State are drawing very large crowds.

The Innis family reunion will be held at the fair grounds August 23d.

Rich Reed has moved into the house owned by George Young at the corner of Main and Seventh streets.

Many property owners in this city do not cut the weeds on their vacant lots. This abuse is hard on hay-fever patients.

A dance will be given tonight at the dancing hall over the Rushville Steam Laundry.

John Henderson, of Manilla, is on the sick list. John says it is his first sickness in fifteen years.

Mary Louise, the little daughter of Mr. and Mrs. Clyde Miller, who drank a quantity of gasoline, is now able to be up and about the house.

Secretary King of the Rush County Fair Association says that the "Guideless Wonder" has not been billed as a feature for the fair this year.

JOHNSON

SAYS

Dr. Behers

ACTIVE LIVER PILLS

We do not know of a single pill on the market that is so thoroughly satisfactory. They neither nauseate nor gripe, yet produce a natural movement of the bowels and stimulate the liver to a healthy action that makes a friend of every one that tries them.

F.B. Johnson & Co.
Drugs and Wall Paper.

C. B. Lore has completed the sixth water well for the city water and light plant.

Dr. D. D. VanOsdol purchased the Readle property on West Third street this morning.

An ice cream festival and social will be given at Blue Ridge Saturday night, August 12th, for the benefit of the Christian Union church.

Miss Elsie Clark has returned home from a stay at Winona Lake. She was accompanied by Mrs. Lucy Reynolds, of Covington, Ky., who will be her guest for a short time.

W. T. Jackson and family were called to Cambridge City this morning on account of the death of Mrs. Henry Waddell, who is a cousin to Mrs. Jackson. The funeral will be held next Sunday afternoon.

The party of tourists, who left this city this morning, bound for San Francisco, are still in Indianapolis as a wreck occurred on the Monon route, which blocked traffic on the Great Central's tracks. It was an unfortunate event, as the party may miss connections in Chicago.

He went out to the harvest fields,

This center rush so strong;

In foot ball he was big enough

To drag whole teams along.

He went out to the harvest fields

And started pitching hay.

He's home in father's office now;

He lasted just one day.

Morristown Sun: While out angling in Blue River, in company with a traveling man, Bert Connaway got something on his hook that felt like a whale. By dint of hard work the catch was finally landed and it proved to be a monster eel weighing five pounds. It was the finest specimen taken out of the river in many years.

Samuel Fessler's little daughter Hattie, fell from a sewing machine one afternoon this week at her home in Blue Ridge, and in some unaccountable manner a pair of scissors cut a small incision in the back part of her head. Her physician thinks the wound hardly deep enough to be more than a flesh wound, which will soon heal.

Knightstown Banner: Joe H. Lakin, a farmer residing northwest of town, coming to this locality a year and more ago from Rushville, showed "the boys" a few days since what he could do in the way of hauling farm products to market. He threshed out 1,128 bushels of oats from nearly thirty acres, and in two loads, drawn by two horses, hauled 466 bushels and 18 pounds to Shirley. This is an average of 233 bushels and 9 pounds to the load. He received 25 cents a bushel for his oats. Who can beat it?

Dr. Parsons met with an accident while running his new Cameron automobile to his farm last evening. It was the doctor's first trip alone, and it was rather unfortunate that the accident should happen. Near the Levi Retherford farm, Dr. Parsons met a horse and buggy, and the horse became frightened at the machine. The doctor tried to turn out to one side of the road and watch the horse at the same time, but in doing this, he ran the front wheel in a ditch, bending the front axle of his new machine. The automobile was not entirely disabled, but it was with difficulty that the doctor got back to town.

Mr. and Mrs. George C. Wyatt and Mrs. Elizabeth Megee and daughter Miss Bertha, returned last night from a stay at Bethany Park. Mr. Wyatt reports a most successful season at Bethany. The program, while not superior to others held before, was full and of high order. The attendance this year was greater than ever before. From six to twelve new cottages will be erected next spring. Eight leases for these have already been secured. Mr. Wyatt says that the park debt will be paid in full this year. The motto for next year is "Advancement and Enlargement." Tomorrow is Law Enforcement Day at the park. Governor Hanly, Lieutenant Miller and Attorney General Miller will speak. A large attendance is anticipated.

SOCIETY NEWS

Mrs. Bert Mullin was hostess for the Kappi Chi club this afternoon at her home on North Perkins street.

Miss Mary Moorman delightfully entertained a number of her friends at her home on East Seventh street in honor of her guests, the Misses Mary and Carrie Moorman, of Milroy. The out-of-town guests were Miss Lora Hillgoss, of Shelbyville, and Netta Johnson and Lillian Weidman, of Indianapolis. Games were played and a good time was reported by all present. Refreshments of ice cream, cake and lemonade were served.

HORSE NOTES

John F., driven by Wm. Dagler, won 3d money at New Castle, Thursday.

Lady Veach, a Rushville pacer, won the 2:14½ pace at New Castle, Thursday. Purse, \$200.

Clell Maple won second money with Radium in the 2:45 pace at New Castle, Wednesday.

Dick Wilson won second money in a race in New York last week with John Taylor. The purse was \$2000.

Curt Gosnell won a six-heat battle with Melva R., by Redfield, at Erie, Pa., last week. She won the fourth, fifth and sixth heats of the 2:20 pace in 2:18½, 2:20¼, 2:22½.

In the 2:30 trot at the Henry county fair yesterday, driver Clell Maple, of this city, was deposed for pulling his horse in the third heat. Mr. Maple was fined \$15, and the matter will be appealed to the American Trotting Association.

Western Horseman: George Weeks, one of the many popular Rushville trainers, has arrived at the Indianapolis track with a stable of "good things," both trotter and pacers. In the bunch is a Patchen Boy youngster which is "oil in the can."

Greensburg Standard: Fred Hillgoss, of Rushville, arrived here Monday from Osgood with a good string of race horses. Sallie A., which is entered in the 2:34 pace, is one of the fastest mares in this part of the State. Here are already about fifteen horses on the ground and a good bunch will be here after the fair closes at Lawrenceburg today.

Western Horseman: Schmeggman Bros., of Richmond, Ind., slipped down to Rush county, Indiana, last week and bought a good young mare by Truman's Brother, son of Electioneer; dam Minnie H., 2:24½, by Legal Tender Jr.; second dam Mamie F. (dam of Pinewood, 2:11¼, and six more in the list). This is a fine broke and well-mannered mare, can pace a mile in 2:35 and trot a mile in 2:50, and has only seen a half-mile country track four times. She is a pure-gaited mare and has style and finish, and shows quality enough for all show ring honors. She is a high-class, sound one, and would make an ideal road, matinee or race mare.
